The 15th Annual
N.E. CT Holiday Dazzle Light Parade
Sunday, November 27th 5:00 p.m.
(Raindate: Sunday, December 4th)

Dear Light Parade Participant,

Plans for the 14th annual N.E. CT Holiday Dazzle Light Parade are underway! To participate, please submit the enclosed entry form and fee by November 18, 2016.

Each entry should offer something unique and exciting. Please consider the following guidelines when working on your entry:

- **Lights are the most important part of this event…the more the merrier, the brighter the better!**
- **Music is also strongly encouraged – live or recorded – kept at appropriate levels.**
- Maximum height of floats – **13 feet high** to clear the train trellis.
- Throwing of candy or novelties is **strictly prohibited**. Darkness, moving vehicles and many children combine to create safety hazards. Walkers may hand (not throw) candy to spectators.
- Entrants are expected to keep the staging area clean.
- **No Santas, please!** The committee will provide an official Santa and Mrs. Claus.
- **The parade route is 1.5 miles long.** Young children and elderly participants are encouraged to ride on a float rather than walk the entire route.
- Entrants should **assemble by 3:30 p.m.** at the staging area, located at the intersection of Grove and Ring Streets in Putnam. The parade officially ends at the Owen Tarr Sports Complex at the corner of Providence and School Streets in Putnam.
- **Floats and vehicles must immediately continue back to the Grove Street area. Walkers and marchers only may end at the Owen Tarr Complex. Please coordinate pick-up and drop-off of your participants ahead of time to avoid traffic delays. Carpooling helps!**
- **Please submit your entry form, fee, and entry description by November 18st.**
